Just spoke to the Premier's office. They didn't have any updates besides what we already know.

She mentioned that the Premier asked the rcmp if they need anything else in this moment and they don't. They will continue their work this evening.

Then will reach back out if there's ways to cooperate and keep us posted.

border has been blockaded. The Government of Alberta is primarily responsible for managing the situation, while the federal government coordinating closely with them within our areas of responsibility and Minister Mendicino is in touch with his Alberta counterparts. Earlier today, the Canada Border Services Agency expanded hours of service at the Carway and Del Bonita, AB crossings to help travelers and trade keep moving.

> While we support peaceful protests, this illegal blockade poses serious risks. Local residents can't leave their town or be reached by emergency services, while hundreds of truckers are stuck in dangerous conditions, without access to food, water or restrooms. The Coutts-Sweetgrass Border Crossing is among the most important in Western Canada, and a massive amount of goods – including perishable food and live animals – are currently stuck on both sides of the border. The blockade also is causing serious issues for a wide array of other businesses across the West who rely on the crossing to get their goods to market.
